

In Building A Highway

you would build for efficient service now and for generations to come.

The "Road to Wellville" is built that way. And the password to that road is "right living," in which food and drink play such a big part.

More and more people are waking up to the need of banishing from the dietary heavy, indigestible foods, and food deficient in the vitalizing mineral salts. Food scientists now hold that the lack of these elements is one of the chief causes of a long list of ills, including anemia, constipation, nervous prostration, kidney trouble, and so on.

Long ago a food—now famous—was devised to make up for this lack, and it does it admirably.

That food is

Grape-Nuts

Made of whole wheat and barley, it contains all the nutrition of the grain, including those vital elements—phosphate of potash, etc.—which are indispensable for perfect balance of body, brain and nerves, and for warding off disease.

This food comes ready to eat, is economical, and delicious. Digests quickly—generally in about one hour—and is full of health-making goodness.

A ration of Grape-Nuts along with other food has started thousands on the "Road to Wellville."

"There's a Reason"

LEARNED HIS LESSON.

Father (when Willie had returned from his first day at school)—What did you learn at school today?

Willie—I learned to say "Yes, sir," and "No, sir," and "Yes, ma'am," and "No, ma'am."

Father—You did?
Willie—Yep.—American Boy.

DIPLOMACY.

"Yassah! Brudder Tump sho' flogged me, and flogged me plenty! He knocked me down and drug me around and beat and mauled me twell muh tongue hung out."

"What yo'-all gwine to do 'bout it, sah?"

"Do? What kin I do? De gen'lentman done disavow de whole incident."—Kansas City Star.

DODGING.

"If I had my way," said the positive woman, "I'd make every unmarried man pay a special tax."

"What would be the use?" rejoined Miss Cayenne. "Any man who can dodge matrimony would surely succeed in dodging his taxes"—Washington Star.

TWO PARDONS GRANTED YESTERDAY BY GOV. HAYS

Little Rock, Feb. 24.—The following pardons were granted yesterday: Earl Price, Pulaski county, perjury, sentenced to one year. Julian McHenry, Miller county, grand larceny and perjury, convicted in November, 1915, and sentenced to two years imprisonment.

Not Sure of Herself.

Even members of the family had to look twice to be sure as to "who was who" of the twins. But they didn't put different colored hair ribbons on them until the day when grandma, coming into the living-room, said to the small person looking out of the window, "Is it Jessie or Rosie?"

And the twin replied, "I think it's Josie."—Pittsburg Chronicle.

(Conducted by the National Woman's Christian Temperance Union.)

WHAT LIQUOR MONEY WOULD DO.

The American Grocer enumerates some of the benefits which might accrue to the citizens of this country if the annual drink bill, \$1,724,607,519, were turned into legitimate channels, namely:

"It would pay interest and sinking fund on the amount necessary to buy comfortable homes for nearly nine million families.

"It would buy a suit of clothes for every man and boy and a dress for every woman and girl in the United States, with enough left over to buy a pair of shoes for everybody.

"If the money spent for drink were spent for homes tenancy would disappear in the United States within one generation.

"If it were spent for education every child in the country would receive a college education.

"If it were spent for automobiles, every family in the country would own a car before 1924.

"If it were spent for religion, it would within less than a decade carry the Gospel to every living creature.

"If it were spent for railroads, it would buy every mile of railroad in the United States in ten years.

"If it were spent for government, it would pay all the expenses of the United States, with enough left over to pay the bonded debt of all the states of the Union."

CONSERVATION OF CITIZENSHIP.

In this day and age we are studying conservation from all its different angles and I know of no conservation so necessary as to conserve the young men who are to grow up and to take their places in the affairs of state and nation. No young man can start out in life handicapped by even the moderate use of liquor and make a success, and I believe that for the best interests of the future of our country we should have prohibition both in state and nation.—Governor Hanna of North Dakota

Orcharding and Gardening

Eight Studies in Handling the Orchard and Garden.

EDITOR'S NOTE. The Extension Division of the University of Arkansas, in co-operation with the United States Department of Agriculture, will offer this year, through this paper, a free correspondence course in "Orcharding and Gardening," consisting of four lessons in each subject. These lessons will appear in this paper at intervals of six weeks. Those who wish to take this course should write to the Director of the Extension Division of the University of Arkansas, at Fayetteville, stating name, age, occupation, and stating that he (or she) proposes to carry the work through for the eight lessons. A farmers' bulletin will be sent to supplement lesson No. 1, and later for each lesson, if the question blank be returned for the preceding lesson. These blanks will be sent with each bulletin. Preceding lessons will be sent on request. The lessons on "Orchard," "Orchard Management," "Harvesting and Marketing," and "Fighting Insects and Diseases."

ORCHARD AND GARDEN CROPS.

No. 4. Fighting Insects and Diseases.

By J. S. Knox, Extension Horticulturist, University of Arkansas.

The man who expects to grow a first class crop of fruit under present conditions must be prepared to fight the various kinds of insects and diseases that attack the crop. Every year there are thousands of orchards over the country being killed or damaged to such an extent that they will never yield a profitable crop to the owner, just because he has not used the proper precautions to keep these diseases and insects under control.

Kinds of Insects: All of the orchard insects come under one of two heads. First there is a type of insect which takes its food supply from the plant by means of a sharp beak or proboscis like that of the mosquito. In order to control insects of this type it is necessary to spray with some strong solution which when it comes in contact with the body of the insect will stop up the breathing pores and thus cause death. Insects belonging to this scale are San Jose Scale, Aphids of various types, Oyster Shell Scale, Harlequin or cabbage bugs and some of the Squash bugs. The second kind of insects take their food supply by eating portions of the fruit or leaves and this type of insect is killed by spraying with a poison such as lead arsenate or Paris green. This kind of insect is much more apt to be noticed than the other because the damage it does is much easier seen than is that of the sucking insect. However, either type of insect can and often does enough damage to prevent the growing of first class fruit. This is especially true in orchards where no effort is made to control them. Among the insects which take their food by eating the fruit or the leaves are Codling moth, canker worms, web worms, caterpillar, curculios and others.

Kinds of Diseases: There are hundreds of different diseases that attack the different kinds of plants, but only a comparatively small number do any serious damage to the fruit crop and often two or three of these can be controlled by the same kind of spray material. Among the most serious diseases attacking the fruit crop are blight, scab, bitter rot, rust, brown rot of stone fruits, and black rot and mildew of grapes. The most serious diseases of the tree itself are cankers, rust, blight, leaf spots, crown gall, root rot.

Spray Materials: There are as many different kinds of spray material on the market as there are diseases to control, yet there are comparatively few of these which are used to any great extent in our orchards. Lead arsenate either in the form of paste or powder is the principal poison used. However, Paris Green is used to a considerable extent in some instances. Bordeaux mixture, which is a solution made of lime and copper sulphate or blue stone, is one of the best fungicides, and lime sulphur, a solution of lime and sulphur of different proportions, is used both as an insecticide and as a fungicide. Coal oil emulsion is a solution of coal oil, soap and water of varying proportions is also quite commonly used as an insecticide as well as are various kinds of tobacco preparations.

Spraying: For best results spraying must be thoroughly done. The spray is only a preventive at best and does not replace or cure damage already done. It protects only the part of the fruit or tree which is covered by the solution, hence the importance of thoroughness. If one leaves only a portion of a twig uncovered when spraying for San Jose scale, this small limb will be the means of spreading the scale over the whole tree before the year is over and possibly get it started on other trees. Sometimes several sprayings may be necessary in order to eradicate a disease or insect and this is not infrequently the case with the most common of the orchard pests. Some of the orchardists spray from five to eight

ANNOUNCEMENT FEES.

Congress	\$15.00
Circuit Judge	10.00
County Judge	10.00
Representative	10.00
Circuit Clerk	10.00
County Clerk	10.00
Sheriff	10.00
Assessor	10.00
Treasurer	10.00
Coroner	5.00
Township Officers	2.50

ANNOUNCEMENTS

For Chancery Judge:

The News is authorized to announce M. E. Sanderson, of Texarkana, as a candidate for Chancery Judge, of the 6th Chancery District of Arkansas, subject to the action of the Democratic primary.

For County and Probate Judge.

The News is authorized to announce W. L. Britt, of Boughton township as a candidate for County and Probate Judge of Nevada county, subject to the action of the Democratic primary.

The News is authorized to announce A. M. Denman as a candidate for County and Probate Judge of Nevada County, subject to the action of the Democratic primary.

The News is authorized to announce J. W. Franks as a candidate for County and Probate Judge of Nevada County, subject to the action of the Democratic primary.

For Circuit Clerk:—

The News is authorized to announce C. C. Calhoun as a candidate for Circuit Clerk of Nevada County, subject to the action of the Democratic primary.

For County and Probate Clerk—

The News is authorized to announce Ed. S. Gladden as a candidate for County and Probate Clerk of Nevada County, subject to the action of the Democratic primary.

The News is authorized to announce Fred Callaway, of Emmet township as a candidate for County and Probate Clerk of Nevada County, subject to the action of the Democratic primary.

The News is authorized to announce R. D. (Dave) Martin, of Missouri township, as a candidate for County and Probate Clerk of Nevada County, subject to the action of the Democratic primary.

The News is authorized to announce Algia Dillard, of Missouri township as a candidate for County and Probate Clerk of Nevada County, subject to the action of the Democratic primary.

The News is authorized to announce Albert S. McGeough, of Albany township as a candidate for County and Probate Clerk of Nevada County, subject to the action of the Democratic primary.

For Treasurer:—

The News is authorized to announce Fred Wallis as a candidate for Treasurer of Nevada County, subject to the action of the Democratic primary.

The News is authorized to announce J. A. (Jim) White, of Missouri township as a candidate for Treasurer of Nevada County, subject to the action of the Democratic primary.

The News is authorized to announce J. W. Forrester, of Missouri township as a candidate for Treasurer of Nevada County, subject to the action of the Democratic primary.

The News is authorized to announce Ed Barham, of Missouri Township, as a candidate for Treasurer of Nevada county, subject to the action of the Democratic primary.

The News is authorized to announce T. O. McDaniel, of Boughton township as a candidate for Treasurer of Nevada county, subject to the action of the Democratic primary.

The News is authorized to announce W. K. Yancey of Missouri township, as a candidate for Treasurer of Nevada county, subject to the action of the Democratic primary.

The News is authorized to announce T. P. Callicott, of Albany township, as a candidate for Treasurer of Nevada county, subject to the action of the Democratic primary.

The News is authorized to announce J. M. Duke, of Missouri township as a candidate for Treasurer of Nevada county, subject to the action of the Democratic primary.

For Sheriff.—

The News is authorized to announce Sam E. Munn as a candidate for Sheriff and collector of Nevada county, subject to the action of the Democratic primary.

The News is authorized to announce Jno. M. Halton, of Missouri township as a candidate for Sheriff and Collector of Nevada county, subject to the action of the Democratic primary March 29th.

The News is authorized to announce D. L. Dillard as a candidate for Sheriff and Collector of Nevada County, subject to the action of the Democratic primary.

For Tax Assessor—

The News is authorized to announce Henry B. Allmand, of Albany township, as a candidate for Tax Assessor of Nevada County, subject to the action of the Democratic primary.

times each year for scab, bitter rot, codling moth, etc. In order to have the desired effect, the spraying must be done at the proper time. Often a day's difference in time makes a big difference in the results obtained, so promptness as well as thoroughness counts in the spraying business. The thing that appeals to every orchardist, however, is that by doing the work thoroughly and promptly he can grow a crop of fruit that is a credit to any section.

The News is authorized to announce Bob Meador as a candidate for Assessor of Nevada County, subject to the action of the Democratic primary.

The News is authorized to announce A. A. (Gus.) Woodul of Albany township as a candidate for Tax Assessor of Nevada County, subject to the action of the Democratic primary.

The News is authorized to announce Ross Buchanan, of Boughton township as a candidate for Assessor of Nevada county, subject to the action of the Democratic primary.

The News is authorized to announce I. J. (Bud) Ursery, of Boughton township, as a candidate for Assessor of Nevada county, subject to the action of the Democratic primary.

The News is authorized to announce J. W. Erwin, of Albany township, as a candidate for Assessor of Nevada county, subject to the action of the Democratic primary.

The News is authorized to announce W. M. Crain, of Parker township as a candidate for Assessor of Nevada county, subject to the action of the Democratic primary.

The News is authorized to announce Enoch P. Hale, of Missouri township as a candidate for Tax Assessor of Nevada county, subject to the action of the Democratic primary.

For Coroner.

The News is authorized to announce Dr. W. W. Rice of Missouri township as a candidate for coroner of Nevada County, subject to the action of the Democratic primary.

The News is authorized to announce Dr. C. F. Nelms of Albany township as a candidate for Coroner of Nevada County, subject to the action of the Democratic primary.

For Justice of the Peace (Missouri Township.)

The News is authorized to announce J. A. Nelson as a candidate for Justice of the Peace of Missouri township, subject to the action of the Democratic Primary, March 29, 1916.

For Constable Missouri Township.

The News is authorized to announce Fred (Ox) Murrah as a candidate for Constable of Missouri Township, subject to the action of the Democratic primary.

The News is authorized to announce Jim Ward as a candidate for Road Overseer of Missouri Township, subject to the action of the Democratic primary.

The News is authorized to announce J. E. Horne as a candidate for Road Overseer of Missouri township, subject to the action of the Democratic primary.

The News is authorized to announce R. E. Stricklin as a candidate for Road Overseer of Missouri Township, subject to the action of the Democratic Primary.

The News is authorized to announce A. G. Stuart as a candidate for Road Overseer of Missouri Township, subject to the action of the Democratic Primary.

The News is authorized to announce Tom Lavender as a candidate for Surveyor of Nevada county, subject to the action of the Democratic primary.

TAX COLLECTOR'S NOTICE

Beginning Monday February 24, 1916, I will meet the property owners of Nevada County at the various places below noted for the purpose of collecting taxes for the year 1915. All tax payers are requested to bring their last tax receipt:

Falcon, Alabama, Tuesday, February 22, P. M.

Falcon, Alabama, Wednesday, February 23.

Fuller's Store, Parker, Thursday, February 24, A. M.

Bodeaw, Parker, Thursday, February 24, P. M.

Bodeaw, Parker, Friday, February 25, A. M.

Sutton, Albany, Saturday, February 26.

Laneburg, Albany, Monday, February 28.

Emmet, Emmet, Tuesday February 29.

Boughton, Boughton, Wednesday March 1.

Prescott, Missouri Thursday, March 2 to Saturday, April 10.

After April 10th the books will positively be closed. All tax payers who do not pay their taxes on or before the above date will be compelled to pay the penalty as prescribed by law.

Sam E. Munn,
Sheriff and Collector.
